BY THE PRESIDENT OF THE PHILIPPINES

**PROCLAMATION NO. 1**

Sovereignty resides in the people and all government authority emanates from them.

On the basis of the people's mandate clearly manifested last February 7, I and Salvador H. Laurel are taking power in the name and by the will of the Filipino people as President and Vice President, respectively.

The people expect a reorganization of government. Merit will be rewarded. As a first step to restore public confidence I expect all appointed public officials to submit their courtesy resignations beginning with the members of the Supreme Court.

I pledge to do justice to the numerous victims of human rights violations.

Consistent with the demands of the sovereign people, we pledge a government dedicated to uphold truth and justice, morality and decency in government, freedom and democracy.

To help me run the government, I have issued Executive Order No. 1 dated February 25, 1986 appointing key cabinet ministers and creating certain taskforces.

I ask our people not to relax but to be even more vigilant in this one moment of triumph. The Motherland cannot thank them enough. Yet, we all realize that more is required of each and everyone of us to redeem our promises and prove to create a truly just society for our people.

This is just the beginning. The same spirit which animated our campaign, and has led to our triumph, will once more prevail, by the power of the people and by the grace of God.

Done in the City of Manila, this 25th of February in the year of Our Lord, nineteen hundred and eighty-six.

**PROCLAIMING THE LIFTING OF THE SUSPENSION OF THE PRIVILEGE OF THE WRIT OF HABEAS CORPUS THROUGHOUT THE PHILIPPINES**

**WHEREAS**, the then President Ferdinand E. Marcos, issuing Proclamation No. 2045 dated 17 January 1981 and Proclamation No. 2045-A dated 23 July 1983, suspended the privilege of the writ of habeas corpus in the two autonomous regions of Mindanao and in all other places with respect to persons detained “for all cases involving the crimes of insurrection, rebellion, subversion, conspiracy or proposal to commit such crimes, sedition, conspiracy to commit sedition, inciting to sedition, and for all other crimes or offenses committed by them in furtherance or on the occasion thereof, or incident thereto, or in connection therewith, such as but not limited to offenses involving economic sabotage, illegal assemblies, illegal associations, tumults and other disturbances of public orders, unlawful use of means of publication and unlawful utterances, and alarms and scandals, or with respect to any person whose arrest or detention was, in the judgment of the President, required by public safety as a means to repel or quell the rebellion in the country;

**WHEREAS**, the proclamations and decrees mentioned and all the related decrees, instructions, orders and rules were not warranted by the requirements of public safety since the existing rebellion could have been contained by government sincerity at reforms, by peaceful negotiations and reconciliation, and by steadfast devotion to the rule of law;

**WHEREAS**, instead of serving its purpose of suppressing the rebellion and other threats to national security, the suspension of the privilege of the writ of habeas corpus drove many to the hills and fanned the conspiracy to overthrow the government by violence and force; and

**WHEREAS**, the Filipino people have established a new government bound to the ideals of genuine liberty and freedom for all.

**NOW, THEREFORE, I, CORAZON C. AQUINO**, President of the Philippines, by virtue of the powers vested in me by the Constitution and the Filipino people, do hereby revoke Proclamations No. 2045 and 2045-A, and do hereby lift the suspension of the privilege of the writ of habeas corpus so that this guardian of liberty and freedom may be available to all.

MALACAÑANG  
MANILA

BY THE PRESIDENT OF THE PHILIPPINES

**PROCLAMATION NO. 50**

PROCLAIMING AND LAUNCHING A PROGRAM FOR THE  
EXPEDITIOUS DISPOSITION AND PRIVATIZATION OF  
CERTAIN GOVERNMENT CORPORATIONS AND/OR THE ASSETS  
THEREOF, AND CREATING THE COMMITTEE ON PRIVATIZATION  
AND THE ASSET PRIVATIZATION TRUST

RECALLING that the reorganization of the government is mandated expressly in Article II, SEC. 1(a), and Article III of the Freedom Constitution;

HAVING IN MIND that, pursuant to Executive Order No. 5 (1986), there is a need to effect the necessary and proper changes in the organizational and functional structures of the government, its agencies and instrumentalities, in order to promote efficiency and effectiveness in the delivery of public services;

TAKING INTO ACCOUNT that the government considers imperative the formal launching of a program for the rationalization of the government corporate sector calculated to create and sustain a legal, socio-political and economic environment conducive to the cultivation of a high degree of dynamism and performance motivation among government-owned or controlled corporations under a regime of relative autonomy, flexibility, viability and continuing accountability to the people in their operations;

CONSIDERING that the government had decided to adopt, as the twin cornerstones of the program, the following parallel imperatives for the attainment of national policy:

(a) The judicious use of the corporate form of organization in the creation of government bodies for the production and distribution of economic goods and services to the public, and the need to rationalize and monitor the operations of government corporations to help bring about improved performance, assure more efficient use of resources and in general to re-orient their activities and priorities in a manner consistent with national objectives, to the end that the private sector is given primacy and the Government assumes a supplemental role, in entrepreneurial endeavors under a climate of fair competition; and

(b) Reducing the number of government corporations which has proliferated to unmanageable proportions; circumscribing the areas of economic activities within which government corporations may operate; and aiming to achieve these goals through the privatization of a good number of government corporations, and the disposition and liquidation of the non-relevant and non-performing assets of retained corporations as the logical first step to their rehabilitation.

TAKING NOTE that there has already been created, in pursuit of the first imperative, an inter-ministerial body called Government Corporate Monitoring Committee under Executive Order No. 936 issued on February 29, 1984, and reconstituted into the Government Corporate Monitoring and Coordinating Committee under Memorandum Circular No. 10 dated May 19, 1986;

REALIZING that it is now necessary to constitute the inter-ministerial body to pursue the second imperative, the latter to function as the counterpart of the above-mentioned Government Corporate Monitoring and Coordinating Committee in the implementation of the remedial aspect of the program for the rationalization of the government corporate sector under the integrative control and direction of the President of the Philippines;

CONVINCED that it is necessary, expedient and advantageous to centralize the disposition and privatization process in a public trust entity which shall on its own and, where necessary, by engaging the services of qualified professionals, institutions, syndicates, and consortia of institutions in the private sector, whether domestic or foreign, undertake the dispositive aspect of the program for the Rationalization of the Public Corporate Sector.

COGNIZANT that the transfer and prompt disposition of the larger non-performing assets of certain government financial institutions are central to the rehabilitation of these institutions and the economic recovery program, and that in the execution of this task it is essential to devolve such responsibility upon a specialized entity external to the government financial institutions themselves so that the latter will not be distracted and their energies diverted from the vital concerns of inherent and substantive financial operations;

NOW, THEREFORE, I, CORAZON C. AQUINO, President of the Philippines, do hereby order:

#### ARTICLE I. STATEMENT OF POLICY AND DEFINITION OF TERMS

SECTION. 1. Statement of Policy. — It shall be the policy of the State to promote privatization through an orderly, coordinated and efficient program for the prompt disposition of the large number of non-performing assets of the government financial institutions, and certain government-owned or controlled corporations which have been found unnecessary or inappropriate for the government sector to maintain.

SEC. 2. Definition of Terms. — As used in this Proclamation and unless the context otherwise requires, the term:

(1) Assets shall include (i) receivables and other obligations due to government institutions under credit, lease, indemnity and other agreements together with all collateral security and other rights (including but not limited to rights in relation to shares of stock in corporations such as voting rights as well as rights to appoint directors of corporations or otherwise engage in the management thereof) granted to such institutions by contract or operation of law to secure or enforce the right of payment of such obligations; (ii) real and personal property of any kind owned or held by government institutions, including shares of stock in corporations, obtained by such government institutions, whether directly or indirectly, through foreclosure or other means, in settlement of such obligations; (iii) shares of stock and other investments held by government institutions; and (iv) the government institutions themselves, whether as parent or subsidiary corporations.

(2) Government institution shall refer to government-owned or controlled corporations, financial or otherwise, whether organized by special charter as in the case of a parent corporation, or under general law as in the case of subsidiary corporation.

The terms of transfer of assets may include appropriate arrangements for the consideration thereof, including but not limited to the assumption by the National Government of such liabilities of the government financial institutions and/or other government corporations, whether real or contingent.

The National Government, through the President, is hereby authorized to assume the obligations of government institutions including those due to the National Government on terms and to the extent determined by the President, on the recommendation of the Minister of Finance, to be warranted by the transfer of assets from such institution pursuant to this Proclamation.

The President is likewise authorized, in the implementation of the program of privatization of certain government corporations created under special law, whether parent or subsidiary, to amend the corporate charters thereof so as to terminate their corporate existence; Provided, that such specially chartered corporations shall be specifically identified and approved for divestment, dissolution, consolidation, merger or regularization into a regular line agency within six months from date of issuance of this Proclamation, and Provided, further, that this authority to terminate the corporate existence of such corporations created under special law shall be exercised within five years from date of this Proclamation and in no case beyond the lifetime of the Committee or the Trust. cdt

SEC. 23. Mechanics of Transfer of Assets. — As soon as practicable, but not later than six months from the date of the issuance of this Proclamation, the President, acting through the Committee on Privatization, shall identify such assets of government institutions as appropriate for privatization and divestment in an appropriate instrument describing such assets or identifying the loan or other transactions giving rise to the receivables, obligations and other property constituting assets to be transferred.

The Committee shall, from the list of assets deemed appropriate for divestment, identify assets to be transferred to the Trust or to be referred to the government institutions in an appropriate instrument, which upon execution by the Committee shall constitute as the operative act of transfer or referral of the assets described therein, and the Trust or the government institution may thereupon proceed with the divestment in accordance with the provisions of this Proclamation and the guidelines issued by the Committee.

Nothing in this Proclamation shall:

(1) Affect the right of the National Government to pursue the enforcement of any claim of a government institution in respect of or in relation to any asset transferred hereunder;

The transfer of any asset of government institutions directly to the national government as mandated herein shall be for the purpose of disposition, liquidation and/or privatization only, any import in the covering deed of assignment to the contrary notwithstanding. Such transfer, therefore, shall not operate to revert such assets automatically to the general fund or the national patrimony, and shall not require specific enabling legislation to authorize their subsequent disposition, but shall remain as duly appropriated public properties earmarked for assignment, transfer or conveyance under the signature of the Minister of Finance or his duly authorized representative, who is hereby authorized for this purpose, to any disposition entity approved by the Committee pursuant to the provisions of this Proclamation.

(1) No civil action shall lie against the Committee and/or the Trust and no civil or criminal action shall prosper against a member of the Committee or a Trustee in its or his discharge of the tasks and functions contemplated by this Proclamation, unless: (a) the act or omission complained of clearly relates to a mandatory provision of this Proclamation the performance of which is expressly devolved or delegated to the concerned defendant as a ministerial duty rather than a discretionary or judgmental function, and (b) the act or omission is attended by fraud, bad faith, gross negligence, or violations of the provisions of the Anti-Graft Law;

Such receiver shall have all powers of a regular receiver

The sale or transfer of such corporations or assets shall not be enjoined or hindered by the existence of any liens by way of taxes, charges or other assessments in favor of the government at the time of sale or transfer: Provided, that the proceeds from such sale or transfer shall be subject to a tax lien and first be applied to satisfy such obligations secured by said liens.

SEC. 35. (1) The Committee and the Trust shall be subject to audit by the Commission on Audit; Provided, however, that consonant with the flexibility criterion mandated on its operations under the provisions of SEC. 13 of this Proclamation, the Trust at its discretion and option may utilize the services of reputable private auditors if authorized by the Commission on Audit;

(3) Government owned or controlled corporations approved for disposition and transferred to the National Government directly or through the Trust shall continue to be audited by the Commission on Audit for as long as they have not yet been disposed of; and, if considered necessary by the Trust for facilitating the divestment thereof to prospective private sector buyers, may also be audited by private auditors.

SEC. 36. Appropriations. — Such sum or sums as may be necessary for the transfer of assets and liabilities, including liabilities of government financial institutions due the National Government, to the National Government as well as servicing thereof are hereby appropriated subject to the availability of funds in the National Treasury.

SEC. 37. Reporting Requirements. — The Committee shall at least on a semi-annual basis submit to the President of the Philippines and to the legislative body a report on the status of its asset disposition program, which report shall include a description of the individual assets disposed of, the purchasers thereof, the consideration received therefor, and the agreed terms of payment.

XVIII, of the 1987 Constitution, do hereby declare and proclaim full and complete amnesty in favor of all persons who have or may have committed any act penalized under existing laws in furtherance of their political beliefs and who, not being in the custody of, or charged by, undergoing investigation by, the authorities of the present administration, as of the date, the 28th of February 1987, and for six months thereafter, return their own free will to the fold of the law for the following crimes: treason; conspiracy or proposal to commit the crime of treason; misprision of treason; espionage; rebellion or insurrection; conspiracy and proposal to commit rebellion or insurrection; inciting to rebellion or insurrection; sedition; conspiracy to commit sedition; inciting to sedition; illegal assemblies; illegal associations; direct assault; indirect assault; resistance and disobedience to a person in authority or agents of such person or persons; subversion; and illegal possession of firearms and explosives. This shall not, however, apply to crimes or acts committed from purely personal motives or outside of the foregoing enumerations.

It is further declared that in order to determine those persons who may come within the terms of this amnesty, an Amnesty Committee is hereby created in each province or city composed of the Provincial/City Citizens Attorney, as Chairman, and four members, namely: the AFP Judge Advocate designated by the Secretary of National Defense, the Provincial/City Secretary, an IBP representative designated by the Provincial/City IBP Chapter and the fourth to be chosen by the Chairman and the herein three named members, which shall examine the facts and circumstances surrounding each case. **PROCLAMATION NO. 82**

**DIRECTING THAT ALL PROCEEDS OF THE SALE OF NON-PERFORMING ASSETS OF THE ASSETS PRIVATIZATION TRUST BE USED EXCLUSIVELY FOR LAND REFORM**

**WHEREAS**, the elimination of poverty, the equitable distribution of wealth, and the generation of productive self-employment is of the highest priority of this Administration;

**WHEREAS**, this centuries-old problem can be remedied thru a meaningful agrarian land reform program;

**WHEREAS**, the past regime ordered government financial institutions to extend "behest" loans to its favorites and cronies who obtained amounts unconscionably far in excess of their loan values and knowing fully well that they would never be repaid;

**WHEREAS**, the enterprises borne out of these behest loans have been or will be turned over by the government financial institutions to the Assets Privatization Trust for sale;

**WHEREAS**, initial reports indicate that the transfer value of the non-performing assets from the Philippine National Bank and the Development Bank of the Philippines to the Assets Privatization Trust is P108 billion but that their market value would only be roughly P23.8 billion;

**WHEREAS**, the foregoing figure does not include the non-performing assets of the National Development Co., the Philippine Loan Guarantee Corp. and other government institutions whose assets shall likewise be transferred to the Assets Privatization Trust for eventual sale;

**WHEREAS**, attempts for land reform in the past have failed because of lack of adequate funds to finance it;

**WHEREAS**, land reform has been a long-overdue measure of social justice which must be met head-on with massive funding and would provide the opportunity to put this bad money coming from the "behest loans" to good use;

**NOW, THEREFORE, I, CORAZON C. AQUINO**, President of the Philippines, by virtue of the powers vested in me by the Constitution, do hereby direct that all proceeds from the sale of all non-performing assets by the Assets Privatization Trust be devoted entirely and exclusively to the land reform program of the government. I direct the Department of Agrarian Reform, Agriculture and Food, Natural Resources and Finance, the National Economic and Development Authority, and the Assets Privatization Trust to prepare a comprehensive land reform program, anchored on the utilization of the proceeds from the sale of the non-performing assets.

**IN WITNESS WHEREOF**, I have hereunto set my hand and caused the seal of the Republic of the Philippines to be affixed.

BY THE PRESIDENT OF THE PHILIPPINES

**PROCLAMATION NO. 131**

INSTITUTING A COMPREHENSIVE AGRARIAN REFORM PROGRAM.

WHEREAS, we have proclaimed the revival and development of the full potential of Philippine agriculture to be an economic priority of our new democracy so as to provide a firm foundation for the industrialization of our economy, and thereby assure the genuine independence of our country;

WHEREAS, it is necessary to make our new democracy meaningful by increasing the productivity of the farming sector and increasing the incomes of farmers, regular farmworkers, and other farmworkers;

WHEREAS, the essential element in any policy of agricultural revival and development is a comprehensive and realistic agrarian reform program;

WHEREAS, such an agrarian reform program will encourage the shift of capital from land to industry;

WHEREAS, realizing these imperatives, the President declared in the 1986 Presidential campaign that she would undertake an agrarian reform program;

WHEREAS, there is need for all to address agrarian reform in the spirit of cooperation, harmony, and understanding, a spirit which must pervade the process as a whole, in its voluntary as well as non-voluntary aspects, for the country faces problems and challenges that require national unity;

WHEREAS, agrarian reform indispensably entails the participation of all concerned in the planning, organization, and management of the program;

WHEREAS, the entire Filipino people, together with all government agencies and private organizations, must extend priority support and full cooperation to implement this program effectively;

WHEREAS, there is a need for the program to be realistic and flexible in order to succeed, to take account of differences from place to place, from community to community, so that no single and rigid prescription would be unfairly and unwisely applied to all regardless of special features and circumstances, and to be within the present and foreseeable capabilities of the nation;

WHEREAS, the program further requires available funding that is definite as to source and timing;

WHEREAS, Executive Order No. 273, dated July 25, 1987, directed the adoption of the Value-Added Tax;
